

MUSSEL FARMING | COLLECTOR ROPES CONTINUOUS LONG-LINE

LEAD-FREE

FLAT BRAIDED

Rope for controlled spat collection	
Farming system	Continuous long-line
Material	Polyester medium tenacity
Construction	Braided
Surface	Flat
UV protection	High
Buoyancy	Self sinking without lead
Lay	Neutral (without turns)

The advantage of these spat catching ropes is that they have the option of being self-sinking with natural material. Therefore, they are eco-friendly ropes without lead.

These ropes can be sent in big bags or coils.
